WHO IS COVERED?

All warranties in this Limited Warranty Guide are given only to the original purchaser of our product. Our warranties are not transferable.

WHAT IS COVERED AND FOR HOW LONG:

The limited warranties described in this guide are subject to the product applications, limitations, disclaimers, and exclusions described below. All warranties run from the date of purchase for the applicable period described in this guide.

FINISH WARRANTY:

Greyme hereby warrants to the Buyer that the factory applied finish of the Greyme Hardwood Floor will not wear through or will not lack finish adhesion because of normal use. The finish warranty is for 25 years from the date of purchase. Diminished gloss is not considered wear through of the finish. In the event the finish wears through or releases from the Greyme Wood Floor, Greyme will, at its option, repair or replace the affected planks or area. This Limited Residential Finish Warranty is pro rata.

A pro rata warranty is one that provides a refund or credit and decreases according to a set formula as the warranty period progresses. The original warranty value is reduced by the amount of time that you own it. When a claim is made, the value of the warranty becomes a percentage of ownership per year based upon the warranty period. The Limited Lifetime Residential Warranty is prorated over 25 years. Any services or repairs that are provided as part of this warranty do not extend the warranty period. This limited residential warranty does not apply to Cabin grade or other downgraded or discontinued Greyme Wood floors and any such product(s) that are sold "as is". Any and all representations, promises, warranties or statements by Greyme or its agents that differs in this manner from the terms of this limited warranty shall be of no force or effect unless in writing and signed by a duly authorized officer of Greyme Flooring. This warranty is conditioned upon Greyme's receipt of notice in writing from the Buyer of the alleged defect prior to expiration of the limited warranty period and providing there is evidence that the Greyme Wood Floor is not subject to any of the limitations described in this warranty or approved installation instructions.

NOTE: Any Greyme Flooring Oil finished products DO NOT have a finish warranty

STRUCTURAL WARRANTY:

Greyme hereby warrants to the Buyer of Greyme Hardwood flooring products that, under normal use, the plies will not separate for as long as the Buyer owns the home. Greyme will, at its option, repair or replace any defective planks at no cost to the Buyer.

WHAT ARE YOU RESPONSIBLE FOR UNDER OUR WARRANTIES?

To be covered under our limited warranties (except under the Pre-installation Defects Warranty) you need to retain your sales receipt and make sure that the flooring is properly installed in accordance with our installation instructions provided with the flooring. Failure to provide proof of pre-installation tests or any other installation requirements voids the warranty. To be covered under our limited warranties when installing over a radiant-heated subfloor, keep the flooring surface at or below 82° F and the relative humidity between 35% and 55%. **NOTE: Not all products are approved for radiant heat installation**, make sure you use approved products for radiant installations.

HUMIDITY'S IMPACT ON YOUR FLOOR:

To protect your investment and ensure that your floor provides lasting satisfaction, the following precautions should be taken to help control humidity levels in and around your floor. Keep the relative humidity in your home between 35% & 55%.

- Heating Season (Dry Conditions) - a humidifier is recommended to prevent excessive shrinkage in hardwood floors, which causes gaps between the boards, due to low humidity levels. Wood stoves and electric heat tend to create very dry conditions.
- Non-Heating Season (Humid and Wet Conditions) – To prevent excessive expansion, cupping and peaking of the floor, which could lead to cracking and checking of the wood finish, maintain proper humidity levels with the use of an air conditioner, dehumidifier or by turning on your heating system periodically during the summer months. Immediately wipe up spills and wet areas to avoid excessive exposure to water and or water related damage. Do not obstruct in anyway the expansion joint around the perimeter of your floor.

You must also properly care for your new floor using our Care and Maintenance guidelines. We recommend that you use only Bona floor care products to preserve your flooring. Use of floor care or sundry products other than those we have specifically recommended for use with our flooring products may damage your floor and may void this warranty.

WHAT WILL WE DO IF ANY OF THE COVERED EVENTS OCCUR?

If any of the covered events listed in this guide occurs within the warranty periods specified for the respective flooring product, we will recoat, refinish, fill or furnish comparable flooring (of our manufacture and of similar color, pattern and quality), for either the repair of the defective area or the replacement of the floor, at our option. In the unlikely event that we are unable to correct the problem after a reasonable number of attempts, we will refund the portion of the purchase price for the section of failed flooring.

If your floor was professionally installed, we will also pay reasonable labor costs for the direct repairs or replacement within the first five years of the warranty period, or the length of the warranty period, whichever is less based on the following schedule:

- First two years of warranty period: Labor reimbursed at 100% of reasonable and customary charges.
- Three to five years of warranty period: labor reimbursed at 50% of reasonable and customary charges.

These limited warranties do not include the removal or replacement of cabinets, fixtures, retail markups, installation or labor provided by others or supplemental costs, including but not limited to, relocation during the repair process such as hotel, meals, or moving and storage of furniture.

These are the exclusive remedies under this limited warranty if a defect or other warranted condition occurs. We reserve the right to verify any claims or defects by inspection and have samples removed for technical analysis.
